## PROFESSIONAL SUMMARY

Software engineer with 4 years of professional experience. Worked on multiple successful mobile games with 5 having 5M+ downloads on Google Play store. Great attention to detail and professional communication skills. Able to quickly pick up new technologies and frameworks, and enjoy problem solving in programming. Known for writing clean, readable code that's easy for other teammates to understand and work on, and doesn't create technical debt for later. Good eye for aesthetics and perform well on visually oriented tasks.

## WORK

### **Jackpot Interactive** – *Generalist Engineer*

Singapore, 06/2017 – 04/2021

- Prominent projects: Word Forest, Word Pets, Hot Vegas Slots, Bingo Heaven (visit my linked website or scan the QR code at the top for more)
- Implemented new gameplay and UI systems, as well as extended existing ones according to specifications and mock-ups, using C# in Unity Engine
- Designed and implemented additional animations, flourishes, and visual effects for gameplay and UI
- Communicated with colleagues in other roles including QA, Technical Artists, Designers, and Producers to ensure gameplay features are implemented correctly

### **Delta Duck Studios** – *Intern*

Singapore, 10/2016 – 04/2017

- Collaborated with other interns to brainstorm and iterate gameplay ideas for 4 minigames for children under a child development research project
- Implemented gameplay systems using C# in Unity Engine

## EDUCATION

### **National University of Singapore** – *BSc Computer Science (Honours)*

Singapore, 09/2012 – 06/2016
